

Well, some 7-1/2 Vikings enjoyed a delightful 14 km tour around the Morin-Heights Triangle and Salzburg trails.....kicking off at the Aerobic Corridor welcome chalet...and ending up at Judy's residence to enjoy a cozy post-ski hot chocolate. Judy was the 1/2 tourer as she opted for a shorter tour.

With a fresh dusting of snow, trails were in great shape, especially the long concluding run down across the Balmoral Golf Course.

Mid tour lunch stop was partaken in the Triangle trail shelter...and as can be seen in the attached pic, the beavers also enjoyed an on-trail lunch too!
