

A Kling-on Thursday ski tour!

So...what did I miss?

Rain in town, snow in the Laurentians.

Well some 10 Vikings showed up for the clubhouse rendez-vous, determined to spring into the vernal equinox! Alas, with temperatures hovering around zero, the snow "Kling-on effect" proved too frustrating for 3 tourers, who quit only a kilometer or so into the tour.

The balance of 7 stalwarts pressed on covering some 10 km on the Crown East and the Crown South (in reverse), and concluded by skiing the last 3 km more speedily down Jackson Road.

Lunch was enjoyed at the clubhouse.....with thoughts of perhaps a Saturday tour commencing at the clubhouse.
