

Ski Tour Saturday Jan 19, 2019

A small, hardy group of eleven Vikings which included a core of Ski With the Cree-ers, defied the cold for a manageable and very pleasant ski along the Blue trail at Lac Brulé. The trail conditions were perfect, the woods windless and the out-and-back feature of the trail suited to the cold. A small number reached the bridge - a 3-hour tour. Many thanks go to our hostess, Lorraine Shatilla, who was so welcoming, very helpful in clarifying the route, enthusiastic about the skiing and a soup provider par excellence. We had a grand time.
