

Ski Tour Saturday, February 2, 2019

On last Saturday's Judy Rogers tour, about 15 of us met at Chalet Bellevue in MH. Chris and Linda went off on their own and the rest of us set off on the familiar Triangle and Salzburg trails. Conditions were close to perfect, and it was about -10°C with almost no wind. When we reached the Viking South Celia and Doug took a left turn following this trail until it met the Bellevue and back to Chalet Bellevue. However, this trail is not coloured black on the trail map for nothing! It's a nasty bit of real estate according to Celia and Doug. I have not been on it for many years, last when it was not track-set and called the Pine Cone. So I was unable to comment on its advisability, same for Derek. Any way we stopped at the little 3 sided barn-like structure Doug's Haus (not our DBL) for a bite of food and drink, and were joined by Bruce and Cathy. We all proceeded down the Bellevue. The skiing was so good that Derek and I and a few others just took off, forgetting to stop and allow the rear t60 catch up. We are sorry about this and will try to do better in the future. Fortunately it's a straight trail back so no harm was done.
