

# Viking Monday Tour Report for March 8, 2021

Mondays tour as I outlined earlier was a great success. The weather was gorgeous, nary a cloud, mild and the skiing was FAST, WOW! We skied the route described earlier Red, Yellow, BlueRidge, Blue, backwards on the Red , up the Orange to E2 to M3, a little leg that few of us had ever done before, and back on the Red or Red,Yellow,Red which was a mistake. We were graced by the speedy presence of our most honourable president BMc and first lady MFA. Not having Jarmila and her trusty GPS with us I cannot give you the technical details. I think we were out for about 3 ½/4 hours.
